DETAILED ACTION

Allowable Subject Matter

Claims 3-23 and 26-37 are allowed.

The following is an examiner's statement of reasons for allowance:

The prior art fails to describe either alone and/or in combination a method for forming a perforation surrounding a wellbore using a non-linear shaped charge by detonating a shaped charge by initiating a main explosive charge at two points between about 165 and about 196 degrees apart on the outside surface of the main explosive charge such that the liner is formed into a jet that penetrates the formation which makes a linear perforation and the main explosive is initiated at no other point.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Conclusion

Any inquiry concerning this communication or earlier communications from the examiner should be directed to Jordan Lofdahl whose telephone number is 703.605.1217. The examiner can normally be reached on m-f 9-5.

Application/Control Number: 10/684,858 Page 3

Art Unit: 3644

If attempts to reach the examiner by telephone are unsuccessful, the examiner's supervisor, Teri Luu can be reached on 703.305.7421. The fax phone number for the organization where this application or proceeding is assigned is 703-872-9306.

Information regarding the status of an application may be obtained from the Patent Application Information Retrieval (PAIR) system. Status information for published applications may be obtained from either Private PAIR or Public PAIR. Status information for unpublished applications is available through Private PAIR only. For more information about the PAIR system, see http://pair-direct.uspto.gov. Should you have questions on access to the Private PAIR system, contact the Electronic Business Center (EBC) at 866-217-9197 (toll-free).
